

THE VISITATION

a sound walk

WHEELCHAIR ACCESSIBLE ROUTE

WALKING ROUTE

When using the wheelchair-accessible route, access the walk on Gesso by going to the menu in the upper lefthand corner and choosing passcode. Enter: "visitation". Stationing yourself at or near the first set of benches just inside the 150th Street entrance, listen to the first track (22 mins), which allows you to follow along with the first part of the walk, which is designated by the red line, and starts at the **M**. At track 2, you can join the walk in real time and space until track 5, where you can listen through to the end, stationed at the base of the 152nd Street steps.
